

Physics 221B
Spring 2016
Homework 8
Due Friday, April 1, 2016 at 5pm

Reading Assignment: Please read Notes 38, Secs. 11-20 (the rest of Notes 38), and Notes 40, Secs. 1-6. If I get a chance I'm going to revise Notes 40 substantially, so don't consider them fixed just yet. But probably the first few sections will stay pretty much as they are.

Please do Problems 38.2, 38.3.
