

Physics 221B
Spring 2022
Homework 27
Due Friday, May 6, 2022 at 5pm

Note: This homework is due on Friday of dead week, not at the usual time, which would be April 29. Also, I'm only giving one problem now, but may add another before the last week of lecture is out. I will also add to the reading assignment.

Reading Assignment: Notes 44, Secs. 10–12; Notes 45, entire; Notes 46, entire.

Please do problem 46.1.
